

DFW's Largest MedSpa Opening New Clinic in Southlake

The team at Total Med Solutions (TMS) knows that, when people feel good about themselves, they're happier, more self-confident and enjoy a greater quality of life. Since 2011, Total Med Solutions has helped over 46,000 patients gain the benefits of looking and feeling their best through an array of medical services:

Cosmetic Injectables

Patients receive cosmetic injectable skin care treatments with confidence because this is an award-winning medical clinic, including the Galderma Chairman Level Clinic Award (makers of Dysport/Restylane) and an Allergan Top 25 & Black Diamond Status Clinic (makers of Botox/Juvederm).

Aesthetics

Equipped with state-of-the-art aesthetic devices, the highly qualified TMS team administers treatments, such as Microdermabrasion, IPL Photofacial, Eclipse Micropen and many more.

Weight Loss

Total Med Solutions takes a personal approach and works with patients one-on-one to offer customized weight loss treatments that transform a patient's desired body into a reality. TMS offers highly effective, FDA-approved prescription medications that can suppress your appetite,

increase your metabolism, and burn fat without hunger pangs, fatigue, or constant cravings.

Hormone Replacement

Several hormone replacement therapy options are offered at TMS to help both men and women feel younger and resolve the physical effects of aging.

Led by its Medical Director, skilled Advanced Nurse Practitioners and the support of a professional medical staff, Total Med Solutions is a trusted comprehensive medical and aesthetic services provider.

The North Texas-based company is now offering medical solutions to the Southlake area with its new location at 200 Miron Dr., on the south side of Southlake Boulevard near town square.

See special offers below and let Total Med Solutions help you fulfill your 2018 resolutions.
